

TECHNICAL SKILLS

HTML	JavaScript	SQL / MYSQL	C++ (DSA)
CSS/Tailwind	React.js	Git/GitHub	Framer Motion /Figma

HACKATHONS

Smart India Hackathon (SIH)

Pune, Maharashtra

Front-End

2024 - 25

Built a working web app with my team to solve a real problem at a national-level competition under tight deadlines.

- Selected among the top 50 teams to represent the institute at the national level.
- Built a web-based OPD and bed management system to improve patient tracking and hospital resource management.
- Gained real-world exposure to healthcare workflows and team-based problem solving.

CSI/IRIS/HACKMIT

Pune, Maharashtra

Front-End

2024 - 2025

Created a user-friendly system with real-time complaint handling and workflow tracking.

- Built a complaint management system with real-time admin-agent workflow tracking
- Developed responsive UI components using React.js, HTML, CSS, and JavaScript.
- Integrated frontend with backend services, overcoming real-world challenges.

PROJECTS

Portfolio Website

<https://mahnish-sankrit-portfolio-pearl-50.vercel.app/>

Built a modern, responsive portfolio website with smooth animations where users can view my projects, skills, and contact me; deployed on Vercel.

- Developed a **responsive React portfolio website** with dark/light mode, smooth animations, and a clean modern UI using Tailwind CSS & Framer Motion.
- Implemented **project showcase, experience timeline, contact form (EmailJS)**, and dynamic routing with React Router.

Smart Resume Builder

https://mahnishsankrit.github.io/resume_builder/

Built a frontend-only website where anyone can create, edit, and download a professional resume with live preview, ATS score check, and grammar fixes.

- Developed a full-featured resume & portfolio builder with multiple editable templates, live preview, ATS score checking, and grammar correction using HTML, CSS, and JavaScript.
- Implemented real-time grammar suggestions (Language Tool API), and one-click PDF export without any backend.
- Built a fully responsive UI with Vanilla JS, CSS and using html2pdf.js, ATS checker.

EDUCATION

MIT World Peace University

Pune, Maharashtra

B.Tech in Computer Science Engineering — CGPA: 8.5

2023-27
